

IAA PARTICIPATED IN THE 2010 ARIZONA ASIAN FESTIVAL

For the fifth time in a row, IAA participated in the Asian Festival organized by the Arizona Asian American Association (AAAA). This year, IAA participation was different from the previous years because the Consulate General of Indonesia to Los Angeles provided generous support to the IAA. The Consulate General furnished the Indonesian Booth with tourism materials and allowed its professional dancers to strengthen the performance of the IAA group.

As part of the opening ceremony, the Consul General Subiyaksono Suyono delivered a speech stressing on the diversity aspects of our Asian community and the need to preserve our rich culture.

The fashion show by many Asian ethnic groups displays the diversity of the Asian people and the richness of their cultural heritage.

The Consul General and his entourage were accompanied by the IAA President.
